

GRANITEX

Decorative Color Chip Systems

Our Granitex decorative color chip systems offer proven durability and longevity for a multitude of applications. With each of our systems, you have a variety of colors and chip sizes to choose from to create the look that you desire.

SPECIALIZED FLOOR COATINGS & DECORATIVE CONCRETE SYSTEMS

GRANITEX DECORATIVE COLOR CHIP SYSTEMS

Our Granitex Decorative Color Chip Systems offer the advantages of a tough, easy-to-clean flooring surface with a wide range of creative possibilities. Our chips come in different sizes of solid and color chip blends. APF offers **25 solid color chips** in 1/8, 1/4, 5/8 and 1 inch sizes and **12 color chip blends** in 1/8, 1/4 and 5/8 inch. Larger chips are used to create the look of terrazzo or granite while smaller chips can create a hard surface carpet appearance.

See our **Solid Color Chip Chart and the **Granitex Color Chip Blend Chart** for color information.*
