

FIBER SCRATCH & BROWN STUCCO

Fiber Scratch & Brown Stucco - AMX 740 FSB

AMX 740 FSB is a factory blended, fibered, pump-grade, portland/lime cement plaster for conventional scratch and brown stucco applications. It is specifically formulated to allow maximum flow in mechanical pumps without the addition of extra water. This reduces the occurrence of shrinkage cracks associated with pump mixes.

FEATURES

- Fire rated per IBC assemblers
- Higher flexural strength, greater impact resistance
- Scratch & brown over steel or wood framing

USES

- Interior or exterior applications
- Scratch and brown stucco coats
- It can be used in residential, commercial, and institutional/government projects

SPECIFICATIONS

- ASTM C150 Standard Specification for Portland Cement
- ASTM C207 Standard Specification for Hydrated Lime for Masonry
- ASTM C926 Standard Specification for Application of Portland Based Plaster
