

For The Ultimate In Durability

At the heart of every Newborn dispenser with DuraCore™ Technology is a dispenser with superior durability, designed with the true tradesman and craftsman in mind.

Newborn utilizes a special, time-consuming process called precision investment casting to produce the friction plate because it is the most critical part of all manual dispensers.

- Excellent precision
- Tight tolerances
- Superior surface finish
- High density, elongation, hardness and tensile strength

250 / 255

18:1 Thrust Ratio
 250: 10oz Cartridge
 255: 29oz Cartridge

- Duracore
- Heat Treated
- Cutter
- Poker
- Revolving Cradle
- ETG
- Ladder Hook
- Starburst Release
