

Rubber and Plastic Company

# Vip LINE CARD

AS9100 Revision D

## RUBBER EXTRUSION

- Manufactured To Customer Specifications
- Standard & Custom Extrusions
- Simple To Complex Profiles
- Color-Matching
- Pole Curing For Round Parts
- Form Curing For Open & Shaped Parts
- Custom Marking & Printing
- Custom Splicing Options
- Custom Printing & Marking
- Adhesive Application (PSA)
- Cut-To-Size or Continuous Lengths
- Reeled, Coiled Or Straight Lengths
- Commercial To Precision Tolerances
- Small & Large Volume Orders
- Extruded Rubber Solutions For Any Industry
- High Performance Reinforced Silicone Hose
- In-House Tool Design

## MOLDED RUBBER

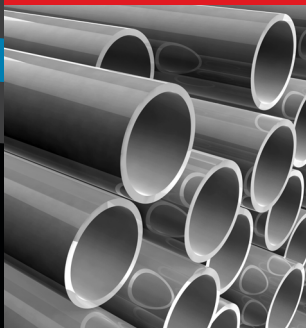

- Transfer, Compression & Injection Molding
- Tiny To Large-Scale Finished Parts
- High Precision Parts
- Mold To Metal Or Fabric
- Press Plates 6" x 6" to 48" x 72"
- Molded Slabs: 12" x 12", 24" x 24", 36" x 36"
- Cryogenic Deflashing
- Engraving & Custom Marking
- Basic, Custom & Injection Splicing
- Very Tight Tolerances
- Small & Large Volume Orders
- Molded Rubber Solutions For Any Industry
- Fabric Reinforced Seals

## RUBBER SHEET, ROLLS & STRIPS

- Sheet, Strips & Rolls
- Standard & Custom Compounds
- Widths Up To 60" Untrimmed
- Thicknesses Between .008" - .500"
- Adhesive Application (PSA)
- Available Cured Or Uncured
- Bond To PTFE
- Custom Printing & Marking
- Able To Meet Multiple Industry Specs
- Very Tight Tolerances
- Smooth, Fabric or Matte Finishes
- Cloth Inserted & Reinforced Options: Ballistic Nylon, Cotton, Dacron, Fiberglass, Kevlar, Nextel, & Nylon
- Small & Large Volume Orders
- Rubber Sheet Solutions For Any Industry
- Light Talc Or Talc Free

## PLASTIC EXTRUSION, PIPE & TUBING

- Custom & Standard Profiles
- Flex & Rigid Options
- Pipe Schedule 40, 80, 120
- Pipe Lengths Over 20'
- Plain, Chamfered Or Belled Ends
- Custom Tube Available From 1/8 To 5"
- String Embedded Extrusion
- TPE Available In Sheet Form
- InkJet Printing
- Custom Embossing
- Hot Foil Stamping
- Co, Tri & Quad Extrusions
- Color Matching
- Cut-to-Length
- Adhesive Application (PSA)
- In-house Tool Design
- Industry-Leading TPE Extruder
- NSF & FDA Approved TVP Materials
- Small & Large Volume Orders
- Extruded Plastic Solutions For Any Industry
- Splicing

## MATERIAL, SPECS & STANDARDS

<u>RUBBER</u>	<u>PLASTIC</u>	<u>SPECIFICATIONS STANDARDS</u>	<u>THE VIP DIFFERENCE</u>
Silicone	ABS	Mil-Spec, Mil-STD	In-House Custom Compound Creation
EPDM	Rigid PVC	ASTM	Dies Made In-House
Fluorosilicone	Flexible PVC	AMS	Salt Bath & Microwave Extrusion Lines
Fluoroelastomer, FKM	Thermoplastics:	ISO9001	ITAR Registered - Export Control Compliant
Nitrile, NBR, XNBR, HNBR	<i>TPE, TPV, TPR</i>	AS9100 Revision D	Excellent Customer Service
Buna N, SBR	Polyethylene, HDPE	ROHS	Proprietary Protection
Chloroprene, Neoprene	LLDPE, LDPE, MDPE	FDA per 21CFR	Family Owned & Operated Since 1961
Polyisoprene	Polypropylene	A-A-59588 For Silicone	USA Manufacturing
Natural Rubber	Polycarbonate	BMS Specifications	
Butyl	Polystyrene
