Applied to Life.™

## Change the way you clean glass.

---

3M™ Glass Cleaner and Protector not only cleans, but also makes glass easier to clean over time. Repeated usage creates a layer of Scotchgard™ Protection that makes it more effective than leading glass cleaners at removing fingerprints, lipstick — even permanent marker.

# It's simple: more science equals less elbow grease.

The more you use 3M™ Glass Cleaner and Protector, the easier dirt, grease and fingerprints are to clean, saving time. 3M™ Glass Cleaner and Protector outperforms other glass cleaners — **for a nice reflection on you.**

## 3M™ Glass Cleaner and Protector is the first building glass cleaner with Scotchgard™ Protection.

- Works like a heavy-duty glass cleaner without the high levels of solvent or ammonia
- Cleans and protects glass and other silica-based surfaces like uncoated granite, ceramic and porcelain
- Cleans but may not protect other surfaces such as stainless steel, chrome, aluminum, plastic, acrylic glass, etc.
- Easier to clean fingerprints, lipstick, lotion and permanent marker
- Up to 2–3X better at cleaning and removing fingerprints\*
- Keeps glass looking clean longer
- 3M™ Glass Cleaner and Protector in ready-to-use quarts has <0.1% VOC
- Reduces fogging on mirrors and other glass surfaces
- Dries faster than other glass cleaners tested, saving time\*
- Not for automotive, inside aquariums or eyewear use

\*When compared to similar competitive glass cleaning products, based on gloss measurements in 3M laboratory. Typically 5–7 cleanings creates a layer of Scotchgard™ Protection.

## Easy and accurate Dispensing.

The 3M™ Twist 'n Fill™ System features a single, compact dispenser designed to accurately mix and dispense 3M™ Glass Cleaner and Protector Concentrate 17L to help ensure consistent, effective cleaning performance. It's great for filling smaller containers, such as spray bottles.

- 3M™ Glass Cleaner and Protector Concentrate 17L is Green Seal™ GS-37 certified
- Very compact — fits in most closets
- Easy to use — just insert bottle, twist and fill
- Integral air gap prevents chemical back-flow
- Flexible — mount on wall or, for portability, on cart or cleaning equipment
- Unique bottle and cap design lets you interchange chemicals in seconds
