

TREMstop® MP

Firestopping Putty Pad

Product Description

TREMstop® MP is a moldable putty preshaped into three pad sizes to fit different electrical boxes. Release liners are on both sides of the pad and one must be removed for installation.

Basic Uses

TREMstop MP is for use with metal and plastic electrical outlet boxes in gypsum wall assemblies.

Features and Benefits

TREMstop MP is pliable and has excellent adhesive strength making
installation by hand fast and easy. One side of the release liner can be left
in place keeping hands clean during installation. The thickness of the pad
prevents tearing on the corners of metal outlet boxes.
