The **48400** has a quick release spring that prevents roller slippage, smooth bearings for reliable applications, a polypropylene grip and a threaded handle adapter. The **48410** adjusts to hold all roller covers from 9" to 18" wide. It has a rigid and durable steel frame with a threaded handle adapter, yet weighs less than one pound. The **48418** is a lightweight, yet the durable polypropylene 18" non-adjustable frame can accommodate any of the 18" roller covers we offer. This frame offers a threaded handle adapter and the fiber-glass-reinforced nylon legs are replaceable.
