

# SPECIALTY CAULKING TOOLS AND ACCESSORIES

## THE BEST SELECTION AVAILABLE

The PipeKnife® Company stocks several unique items for special caulking applications and contractor's needs.

### SPECIALTY NOZZLES

The Flex nozzle extends up to 12" long and remains flexible even when full of sealant. Ideal for firestop applications, difficult to reach areas and recessed joints. Comes in a pack of 3 and ideal for 10 and 29 oz tubes.

P/N: FLEXNOZZLE

The Kloss Kaulk is a 3 part flexible nozzle for 10 and 29 oz tubes. The permanent bend provides a 45° bend to apply caulking. The tip is easily removed/ replaced for long-term use. The wing nut self-threads onto the caulking tube for a firm seal.

P/N: KLOSSKAULK

### SPECIALTY TOOLING SPATULAS

Popular in the Western USA the Slick Company Double-end slicks provide a double end profile for multiple types of joints. The SLICKS are also all the same length to provide extra control.

P/N: SLICKSET

Mini metal spatula set for detail work.

P/N: MINISPATULA

### REVOLVER WRAP

The REVOLVER WRAP is an accessory designed for sausage or bulk gun barrels. The wrap insulates the barrel and holds a complete set of metal tooling spatulas.

P/N: REVOLVER – Wrap Only

P/N: REVOLVERSPAT – Wrap and Spatula Kit

### The U-BLADE Joint Sealant Removal Tool

The U-Blade tool is designed to cut both sides of an expansion joint to remove the old sealant. Blades come in 4 different widths and attach to the PipeKnife® tools.

P/N: U-BLADE

- Slice old sealant on both sides of the expansion joint
- Can be used in all varieties of the PipeKnife® cutout knives
- Fits under the backer rod for easy removal
- Can be sharpened
- Can be reversed to extend life of blade

Available widths 3/8", 1/2", 3/4", 1"
