The Life Deck[®] FM System is a strong combination of flexible and highly waterproof acrylic resins. Perfect for plywood and concrete d<u>ecks</u>.

Benefits of
Life Deck®
FM System

Low Maintenance	Skid Resistant	Economical	1
Durable Yet Flexible	Fast Drying	Waterproof	Ľ

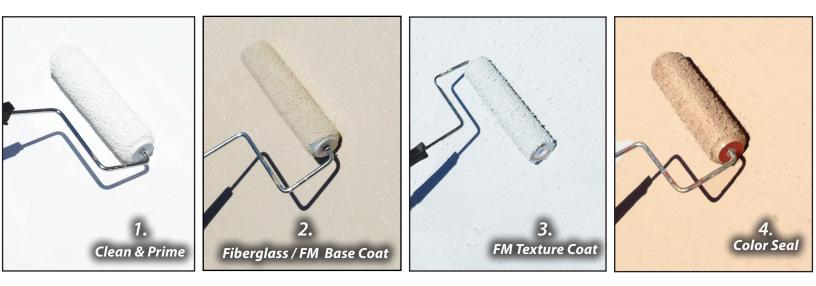

Simplicity & Performance

The Life Deck[®] FM (Fiberglass Mat) Waterproof Decking System is an industry-leading all-acrylic coating system designed with simplicity and performance in mind. This four step system uses a fiberglass mat with four acrylic coatings applied in steps to waterproof your above-ground deck. The FM System is easy to repair and requires only minimum maintenance to give a long lasting life. It is extremely flexible, skid resistant and is well suited for plywood and concrete substrates.

Procedure

4 Easy Steps to Seal, Preserve and Waterproof Your Deck or Surface*

Coverages

PRODUCT	DESCRIPTION	COVERAGE

"The quality of their [Life Specialty Coatings] coatings are superior. They are top of the line in the industry. "

- Simon Z., Specialist, Waterproofing & Paint, 30+ years

Advantages

Fast Drying

The FM system can typically withstand foot traffic within hours of application.

Low-Maintenance

Most stains can be easily removed with liquid TSP solution and water, or a light power wash.

Flexible

Rich acrylic resins provide flexible crack solutions for expansion and contraction.

UV Resistant

The system is designed to withstand the tough UV rays of the sun, even in the harshest of climates. For up to 30% surface temperature reduction, seal your deck with our heat reflective coating, 28 series. Save your feet!

Safe and Durable Anti-Skid Finish

The system is naturally designed with a anti-skid, yet decorative finish.

Affordable

As a budget-friendly solution, the FM system has been specified for many homes, hotels, office buildings, condominiums, apartments and multi-family spaces.

Uniform Finish

The FM system provides an even finish throughout the deck for a visually appealing and aesthetic design.

Durable

The FM System uses only durable and rich acrylic resins.

Eco-Friendly

The FM System uses only low VOC coatings approved in the most strict zones in the USA.

"Their products are quality products. They make great waterproofing systems, sealers, and epoxies. That's what really stands out for us."

- Nicolette O., Specialty Coatings Distributor for School Districts, 25 years.
