10”– 12” are 50-foot rolls

About Dow Sealant Colors

DOWSIL™ construction sealants offer you a broad spectrum of color choices for your sealing needs. With these three levels of selection, you'll find it easier than ever to color it right:

Standard colors: Choose from our in-stock, most popular colors for each product.

Catalog colors: With fast three-business-day turnaround times, colors from our expanded color catalog bring you more choices, more quickly. (Some colors may require longer lead times and larger minimum orders. Contact distributor for full details.)

Custom colors: For the most demanding jobs, we will computer-match your project-specific substrates to provide an exact color match.

The colors shown are approximate only. While every precaution is taken to ensure color accuracy, due to individual monitors and printers they cannot be guaranteed.
