

# SMOOTHERS & SPREADERS

## Flexible Blade Smoother

This flexible 24" x 5" rounded corner steel blade is bent and angled to maximize blade contact with a range of surface coating materials. This smoothing tool can also serve as a spreading tool and even a surface preparation tool. It is most often used when troweling and / or smoothing overlay / underlay material (toppings) of a cementitious composition. The blade is contained in a durable aluminum frame with our superior aluminum gusset bracing system. This tool is available with a threaded handle adapter or with a 66" powder-coated aluminum handle.

### Rounded Corner

Item No.	Description	Blade Size
78906	With Threaded Handle Adapter	24"
78907	With 66" Powder-Coated Aluminum Handle	24"

### Square Corner

Item No.	Description	Blade Size
78902	With Threaded Handle Adapter	24"
78903	With 66" Powder-Coated Aluminum Handle	24"

## Helpful Hint...

Our flexible blade smoothers are great for scraping vinyl chips.

## Spreaders / Smoothers

These tools are lightweight, yet durable. They feature a 22" frame with a 23-1/2" x 2" heat-treated steel blade, and a reversible threaded handle adapter assembly allowing for use as a smoother or spreader.
