

# Finally A Truly Cleanable & Reusable **PRECISION APPLICATION SQUEEGEE SYSTEM**

**SELF-LOCATING &  
SELF-LEVELING BLADE  
GUARANTEED**

**8 UNIQUE ENGINEERED  
BLADES FOR EVERY  
NEED (4-60+ MILS)**

**CURED COATINGS  
RELEASE (CCR™)  
TECHNOLOGY**

## **WE DIDN'T INVENT THE SQUEEGEE, BUT WE DID PERFECT IT!**

The Easy Squeegee™ provides industry leading precision, predictability and versatility when compared to competitive products. The self-locating & self-leveling blades ensure your blade is straight, level and in perfect contact with the floor every time.

The eight unique engineered blades provide a level of versatility and job site application options not currently available from any competitive application squeegee tool today.

Cured Coatings Release (CCR™) and Multi Material Release (MMR™) technology ensures the frame is reusable regardless of the material (Epoxy and Urethanes) you're putting down with the Easy Squeegee™, once cured the frame can be cleaned.

## PRECISION APPLICATION SQUEEGEE SYSTEM

Frame is available in both 18" and 26" widths.

### INTELLIGENT BLADE IDENTIFICATION

All blades inscribed with WFT and WFSR information.

### SELF-LEVELING BLADES

Accurate and predictable Wet Film Thickness every time.

### SELF-LOCATING BLADES

Designed to provide industry leading accuracy.

### PROTECTED THREADS AND FASTENERS

Eliminates material contact with threads.

### THUMB SCREWS REPLACE NUTS

Features Cured Coatings Release (CCR™) Technology for cleanability.

The Easy Squeegee™ blades provide options to apply almost any coating from 4-60+ WFT Mil. The four unique styles (Flat Flexible, Flat Stiff, Scalloped Notched and V-Notched) provide the installer choices and options in field as to how to best accomplish the project. All blade packaging is color coded for easy identification.

Regardless of the task you need to complete, the Easy Squeegee™ can help you complete it with improved accuracy and efficiency. It will also help drive out costs by being truly cleanable and reusable.

BLADE STYLE	BLADE WIDTH / PART NUMBER				SAMPLE PROJECT APPLICATIONS
	18"	19"	26"	27"	
 <b>FRAME</b> REPLACEMENT THUMB SCREWS - 79849	78255		78256		
 <b>FLAT FLEXIBLE</b>		79850		79851	Do you prefer a thinner more flexible blade for your coatings applications? Or do you prefer pulling vs. pushing?
 <b>FLAT STIFF</b>	79853		79854		Do you have a large area to coat with a thin film clear epoxy or urethane topcoat?
 <b>5-7 WFT MILS</b> WFSR: 230-320 FT <sup>2</sup> / GAL	79856		79857		Tasked with pulling a rapid curing polyaspartic urethane clear-coat over a random flake floor?
 <b>8-12 WFT MILS</b> WFSR: 133-200 FT <sup>2</sup> / GAL	79859		79860		Need to get 200 gallons of 100% solids epoxy down at 10 Mil (160 ft <sup>2</sup> / GAL)?
 <b>15-20 WFT MILS</b> WFSR: 80-106 FT <sup>2</sup> / GAL	79862		79863		Applying a decorative 100% solids metallic epoxy at 100 ft <sup>2</sup> / GAL?
 <b>25-30 WFT MILS</b> WFSR: 53-64 FT <sup>2</sup> / GAL	79865		79866		Looking to squeegee apply 30 Mil (50 ft <sup>2</sup> / GAL) of silicone roof coating?
 <b>40-45 WFT MILS</b> WFSR: 36-40 FT <sup>2</sup> / GAL	79868		79869		Are you applying 40 Mil of polyurethane deck coating to a large parking structure?
 <b>50-60 WFT MILS</b> WFSR: 26-32 FT <sup>2</sup> / GAL	79871		79872		Need to apply 60+ Mil of an epoxy waterproofing to a bridge deck?

ALL BLADE PACKAGING COLOR CODED FOR EASY IDENTIFICATION

WFT = WET FILM THICKNESS | WFSR = WET FILM SPREAD RATE | GAL = GALLON

Wet Film Spread Rates (WFSR FT<sup>2</sup> / GAL) are not absolute, but are provided to assist blade selection. Many factors can contribute to the actual WFSR including pressure exerted on the blade, porosity of the substrate being coated, material used, and if and how the back-roll is completed. If you have any questions or would like to discuss the particulars of your project, please contact us.

## TESTIMONIALS:

I have crews that travel and complete flooring projects all over the country. I will begin providing an assortment of frames and blades in every job box, ensuring they have the proper application tools and options to complete the installation as planned as well as account for instances where things don't go as planned. The Easy Squeegee™ provides my crews a truly cleanable and replaceable application squeegee that is very accurate.

*Bob H. - Flooring Contractor, Indiana*

Moving my crews to the Mil Squeegee Blades from a traditional flat squeegees has helped us install our coatings quicker and with more accuracy.

*Derek D. - Flooring Contractor, Louisiana*

As a supplier we are always getting requests for solutions and improvements to the tools our contractors use everyday. The Easy Squeegee™ solves many of the challenges. No longer do the contractors need multiple styles of frames and replacement blades. Installers of all skill levels can get consistent results with the precision cut blades that register perfectly straight to the frame every time. The wet film spread rates and color coded blades take the guess work out of choosing the right blade for the job. One of the most practical innovations we've seen in a long time.
