

**Epojet™ LV**

**Very Low-Viscosity, Epoxy Injection Resin for Crack Repair**

*Epojet LV* is a moisture-tolerant, two-component, 100%-solids, very low-viscosity, epoxy injection resin that deeply penetrates as well as seals dry and damp hairline, non-dynamic cracks.

|      | Product Code | Packaging                              |
|------|--------------|--|
| U.S. | 157554       | Dual cartridge: 13.5 U.S. oz. (399 mL) |
|      | 157512       | Kit: 3 U.S. gals. (11.4 L)             |

**Planicrete® AC**

**Acrylic Latex Admixture for Mortar and Stucco**

*Planicrete AC* is a one-component, concentrated, liquid latex admixture used to enhance the performance of cementitious repair mortars, plasters, stuccos and toppings.

|      | Product Code | Packaging                   |
|------|--------------|-----------------------------|
| U.S. | 7013004      | Jug: 1 U.S. gal. (3.79 L)   |
|      | 7013020      | Pail: 5 U.S. gals. (18.9 L) |
|      | 7013200      | Drum: 55 U.S. gals. (208 L) |

**Planicrete® UA**

**Universal Latex Additive**

*Planicrete UA* is a next-generation, water-based, one-component, concentrated liquid latex admixture used to enhance the performance of several MAPEI products, including mortar mixes. Using *Planicrete UA* as part of the designated design mixes will increase product performance in the areas of bond, flexural and tensile strengths in addition to increased durability and enhanced workability.
